Personal statement: "For two summers, I have traveled with my church to Letcher County, Kentucky — one of the poorest counties in the country. We repaired homes, but more importantly we ministered to the families, providing them with hope and love. The poverty I witnessed was painful; the despair, heartbreaking. One can read about families that face such adversity and perhaps understand their struggles with their head. However, developing personal relationships with these

families and living with them for two weeks allowed me to understand their hardships with my heart."

Sponsor's endorsement: "This student has everything: a brilliant, penetrating mind that is always looking for the subtleties of problems, an enthusiastic thinker with rock solid character and a knack for explaining problems and situation with a clear yet rigorous manner."

Community service: Don't Stop the Music elementary school program, The Uprising Christian youth group, bottle cap recycling program, Interact community service club

Personal statement: "My favorite achievements are the little ones. They are seeing the light bulb go off above my guitar student's head when 'Mary Had a Little Lamb' finally clicks, seeing my grandmother drag over a bag of bottle caps that she collected from all her lady friends at the senior center for the recycling program I started, and seeing a new face at the Uprising youth group who is interested in the fellowship."

Sponsor's endorsement: "Recently, our elementary school district had its music programs cut. This student and another student ... organized an after-school program called Don't Stop the Music for the elementary schools. They planned the entire after-school program with district administration, and with the help of their classmates, they have this successful program up and running."
